Summary of changes

Alongside the development of new DOPS and DOPyS forms for JETS, the BCS accreditation panel has produced updated assessment forms for BCS accreditation.

From August 2016 assessors will be required to submit an assessor declaration and candidate feedback form electronically via www.bcsa.thejag.org.uk. This can be submitted by either assessor and should be done on the day of the assessment.

For your convenience a hard copy of the declaration and feedback form is available, alongside the other assessment forms, in the download section of the BCSA website , however the form should still be completed electronically. If you have no access to the internet at the assessment center please complete the form as soon as possible after.

Once the assessor declaration and candidate feedback form has been submitted this will automatically generate an email to both assessors asking for feedback on the assessment process and the assessment center. We will also ask each assessor to give feedback on their fellow assessor. Please complete this additional feedback form to assist us in improving the BCSA accreditation programme.

This document will provide you with step by step guidance to filling in the assessor declaration and feedback form and the assessment feedback form via the BCSA website. For queries on any of the changes please contact the BCSA administration team at askjag@rcplondon.ac.uk or call 0203 075 1620

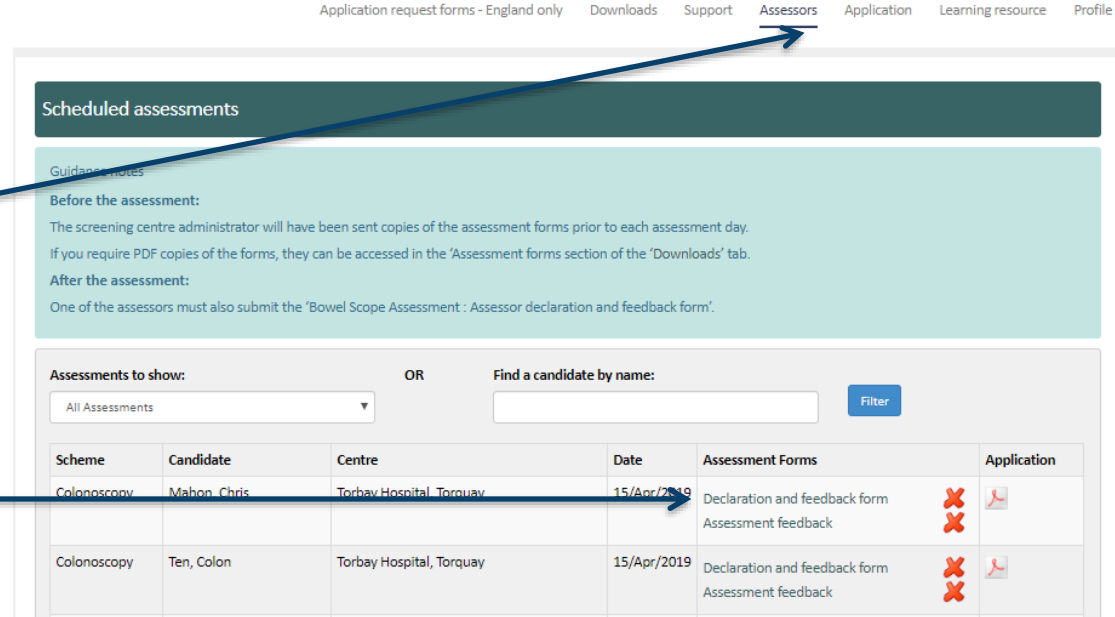

Assessing the assessor declaration and candidate feedback form

Following the assessment, an assessor must log on and complete the declaration and feedback form via www.bcsa.thejag.org.uk

To access the form, log into the BCSA website and click on Assessors.

Under 'assessments' click on the declaration and feedback form for the candidate that you require. You will only be shown candidates that you have been assigned to.

The screenshot shows the 'Assessors' section of the BCSA website. At the top, there is a navigation menu with links for 'Application request forms - England only', 'Downloads', 'Support', 'Assessors', 'Application', 'Learning resource', and 'Profile'. The 'Assessors' link is highlighted with a blue arrow. Below the navigation is a dark green header for 'Scheduled assessments'. Underneath is a light blue box containing 'Guidance notes' with instructions: 'Before the assessment: The screening centre administrator will have been sent copies of the assessment forms prior to each assessment day. If you require PDF copies of the forms, they can be accessed in the 'Assessment forms' section of the 'Downloads' tab. After the assessment: One of the assessors must also submit the 'Bowel Scope Assessment : Assessor declaration and feedback form'.' Below this is a search section with 'Assessments to show:' (set to 'All Assessments') and 'Find a candidate by name:' with a search box and a 'Filter' button. The main content is a table with columns: Scheme, Candidate, Centre, Date, Assessment Forms, and Application. Two rows are visible, both for 'Colonoscopy' at 'Torbay Hospital, Torquay' on '15/Apr/2019'. The 'Assessment Forms' column shows 'Declaration and feedback form' and 'Assessment feedback' with red 'X' marks. The 'Application' column shows a PDF icon.

Declaration

In the first section of the declaration and feedback form under 'DOPS criteria' you must indicate whether or not the candidate has passed all items on the DOPS form by clicking in the appropriate box.

Under the 'assessor sign off' section you must indicate whether the candidate should be accredited or not.

All items on the DOPS form must be achieved in order for the candidate to be accredited. If you indicate that the candidate has met the criteria but should not be accredited a pop up box will show asking you to confirm this decision. You will need to click 'cancel' or 'ok' depending on whether or not the candidate should be accredited.

You will receive a similar message if you indicate that the candidate has not met the DOPS criteria but should still be accredited.
